

EVERY ONE IS GOING TO SUNDAY SCHOOL SUNDAY MORNING

Every Maysville Sunday School is expected to be crowded on Sunday morning with scholars.

A final word about Sunday school day. When you go to your home on Saturday night take a look at the sign you have had in your window all week, advertising you and your household as in sympathy with the Sunday school movement and as intending to go May 2nd. Keep this on your mind, get up early Sunday morning; put on your best smile along with go-to-meeting clothes, and make a bee line for the church of your choice. Don't think that all that is necessary is to get in time to be counted. Get there in time to enjoy the whole service. That's the only way to get a good idea of what a Sunday school is. Remember the hour for beginning is 9:30 a. m.

It has been suggested that there should be some uniform system of counting the Sunday school attendance. Many who are not regular attendants get the idea that all they are wanted for is to count them. This is not so. Your presence is desired for the whole service. So far as possible each school should take their attendance sometime during the lesson period.

Sunday school superintendents of city and county, remember to phone your attendance Sunday afternoon before 6 o'clock. 217 is the number.

C. OF C. ORCHESTRA IS ORGANIZED.

Mr. Carl Dadds, Secretary of the Northampton, Mass., Chamber of Commerce, formerly Secretary of the local commercial organization, has organized a "Chamber of Commerce Orchestra" in the Massachusetts town with 55 members. The orchestra is giving public entertainments and is being highly complimented by the Eastern newspapers. Dr. E. E. Dow, a very accomplished musician is directing the organization.

WOMEN VOTERS WILL MAKE CHANGE IN PRECINCTS

Several Precincts in the County Will Have To Be Divided When Women Voters Register.

When the women of Mason county begin to exercise their right of franchise several changes in the machinery of elections will be necessary, according to the local politicians who have been looking into the matter quite a bit for the past few weeks. It is regarded that there will be nearly as many women voters as there are now men voters in the county and in several precincts this will bring the number of voters above the limit fixed by law necessitating the division of the voting precincts.

In the city of Mayville every ward in the city will have more than the legal limit and it will therefore become necessary for the six wards to have at least two voting precincts instead of one as at present thus giving the city of Mayville twelve voting precincts instead of six. There are also several precincts in the country districts which are now almost up to the legal limit and these precincts will have to be divided.

Another change that will seem quite strange will be the appearance of women election officers in the polls. At the next meeting of the Mason County Election Commissioners this is expected to come up for consideration and at the presidential election in November several women will likely be seen at the polls during the day as officers. It is pointed out that this will be a great relief as there has been considerable trouble in the past in procuring men who would serve as election officers.

COAL LAND BARGAIN.

We have for sale 5,000 acres of the finest coal and timber land in Eastern Kentucky, located on a railroad line. There are seven veins of coal on this land and the main vein is seven feet thick. The timber on this land is virgin forest and has never been cut over. On the land adjoining this the timber on 2,000 acres was sold last week for \$35.00 per thousand.

We have a GOOD price on this land and have only a short time to sell same. If interested better see us at once.

CITY SCHOOL TEACHERS GET SALARY INCREASE OF 25%

New Classification and Salary Schedule for Teachers Adopted—School Tax Levy Is Fixed—Eastland Proposition Continued.

The regular monthly meeting of the City Board of Education held Friday evening at the High School building was a most important one and the session which began at 8 o'clock lasted until after midnight so heavy was the business before the members.

Probably the most important business transacted by the board was the adoption of a classification and salary schedule which put the teachers in three classes according to their preparation and experience and grades their salaries according to the class in which they fall. The requirements are such that the teachers may from time to time step up from one class to another until they reach class A. Under the salary schedule applied under this classification all teachers will receive approximately 25 per cent. increase in salary next year and some will get even more. This salary scale and classification schedule was worked out by the teachers themselves, Miss Gray and Professors Berry, Noel and Calkins being a committee chosen by the teachers to draft the system which is quite fair and yet increases the efficiency of the local faculty and gives the members some incentive to increase preparation.

The Finance Committee presented their tentative budget which will go to city council. This budget shows that the board will need \$50,573 from the city for next year and in this connection a resolution levying a tax of 75 cents for school purposes and an extra 20 cents to retire school bonds was adopted by the board.

All of the present teachers were re-elected and Miss Margaret Schürmer, of Ghent, Ky., now at Peabody University, was elected as teacher in the High School. It was also ordered that two extra teachers, one for the Fifth ward school and one for the East End colored school be employed. As there were no applications these positions will be filled later.

Petitions from the citizens of the Sixth ward asking for a new school building were presented and filed and the Property committee was instructed to get an estimate on the cost of an adequate building and a suitable lot to hold it for presentation to Council when a bond issue will be asked for by the board.

Petitions from citizens of Eastland asking to be taken into the city for school purposes only were presented and thoroughly considered. Definite action was postponed until the matter was taken up by the County Board of Education.

Mr. Ben H. Greenlee resigned as Secretary of the Board and Frank S. Toile was elected to succeed him.

PATROLMEN ARE TRANSFERRED TODAY.

Chief of Police Harry A. Ort today issued new orders making transfers of beats for the city patrolmen effective today. Officer Wells is transferred from the East End to the Center beat, Officer Carpenter from the West End to the East End and Officer McNamara from the Center beat to the West End beat. Officer P. Ryan remains on duty and in charge of traffic.

KINGS DAUGHTERS MEETING.

The home of Mr. and Mrs. Edward Duley, on Monday afternoon, will be the scene of a delightful occasion when the Kings Daughters of the Episcopal church will gather there for their May meeting. The usual program will be carried out, after which a social hour will be enjoyed.

INSURANCE COMPANY ELECTS MONDAY.

The newly elected directors of the Mason County Mutual Insurance Company will hold their annual meeting at the office of Secretary James B. Key in this city Monday and at this meeting officers for the ensuing year will be elected.

NOTICE JUNIOR CHOIR.

The Junior Choir of the First M. E. Church, South, is expected to be on hand promptly at 9:30 tomorrow morning to take their places for Go-To-Sunday-School exercises. The public is invited to hear them.

The regular monthly meeting of City Council on Monday evening promises to be a very important one as many matters of business are scheduled. Probably the most important will be the selection of a board of City Tax Supervisors.

Rev. N. H. Claiborne, of Kingwood, W. Va., passed through the city this morning en route to Mt. Olivet where he will preach at the Baptist church on Sunday.

GENERAL CONFERENCE OF M. E. CHURCH OPENS TODAY

Union of the North and South Branches of Methodism Is Probably Most Important Measure Before Body.

The General Conference of the Methodist Episcopal Church which meets in Des Moines today is one of the largest delegated bodies in the world. Over 850 delegates have been elected for the 107 Annual Conferences in the United States and the twenty-seven Conferences in foreign lands.

The General Conference meets every four years and the session will last probably throughout the entire month of May. It is the legislative body for the whole Methodist Episcopal Church composed of 4,175,502 members and over 20,000 preachers. The session will be held at the Coliseum.

This session of the General Conference is not only the largest ever held but unusual also in the number of important issues which will be decided. The most important matter that will come up is the question of the union of the North and South branches of Methodism. A joint commission of fifty representing the Methodist Episcopal Church and the Methodist Episcopal Church South, has been at work during the last four years. A plan of union has been agreed upon which will be submitted to the General Conference at Des Moines. Very great interest centers in the action of the conference on this plan. The Methodist Episcopal Church divided into two sections—North and South—over the slavery issue in 1844.

COUNTY BOARD OF EDUCATION MEETS MONDAY.

On Monday morning the Mason County Board of Education will hold their regular monthly meeting at the office of County Superintendent Turnipseed at the court house. Much important business is to come before the board at this meeting, probably the most important being the petitions of Eastland citizens asking to be released from the county to unite with the city for school purposes.

MANUAL TRAINING DEPARTMENT IS PAYING WELL.

The Manual Training Department of the Mayville High School is proving quite a paying department of the school. Prof. Melton, in charge of this department, has this month made over \$100 for the Board of Education by outside work. He has been very busy engaged outside of school hours in the manufacture of screen doors and windows.

LEWIS COUNTY GETS PART OF MASON'S SUGAR.

The Mason County Farm Bureau has made a deal with the Lewis County Farm Bureau whereby members of the latter organization will purchase a part of the sugar recently contracted for by the former. This sugar will be delivered to Mayville within a reasonable time and practically all of the shipment has now been sold.

LOCAL MASONS GOING TO GERMANTOWN.

Quite a number of local Masons will motor to Germantown this evening to assist the members of the Masonic order in that place in an initiation. A big banquet will be predated after the work and from Germantown's reputation it is known that the local men will have a grand time.

Monday is County Court and stock sales day in Mayville and a large crowd of farmers and traders are expected to spend the day in the city. May court day always attracts a large crowd.

DEMOCRATS OF THIS COUNTY INSTRUCT DELEGATES FOR COX

Three Women Attend County Convention and Are Given Hearty Welcome Into the Party Affairs by Rising Vote.

The Mason County Democrats met at the court house this afternoon pursuant to a call issued by the County Committee in convention to select delegates to the state Democratic convention which will be held in Louisville on Tuesday, May 4.

The convention was called to order by County Chairman A. C. Sulser and on motion the temporary organization was made permanent. After Chairman Sulser had stated the call, Mr. J. P. Galtner offered a resolution naming all known Democrats present in person at the State Convention as delegates and instructing the Mason county delegation to vote as a unit for Governor James M. Cox, of Ohio, for the Democratic nomination for president. The resolution was loudly applauded and received a loud and hearty vote. One female voice in the court house was heard to vote "no," all others voting "yes."

There were three women present, Miss Alice Lloyd, Mrs. Abner Hord and Mrs. Thomas M. Russell. Attorney Frank P. O'Donnell offered a resolution that the women be given a hearty welcome into the ranks of the Democratic party and the resolution was adopted by a rising vote. Miss Alice Lloyd responded in a short talk in which she stated that she hoped the women would prove partners in politics.

There was an unusually large attendance and the business was transacted in record time, the convention being in session no more than ten minutes.

UNABLE TO ESCAPE SHERIFFS.

Although the men in Mayville this morning took pains to escape the sheriffs when they were summing a venire of 60 men for broken county, those officials were unable to get their sixty men mostly from the streets of Mayville before the noon hour.

I will be at Higgins & Slatery's stable, Mayville, on Monday, May 3, to buy army horses, 4 to 9 years old.

MAY DISTURBANCES PLANNED COLLAPSE

Federal and State Officials Discover Plots and Cause Collapse of Plans of Radicals.

Washington, May 1. — Prompt and vigorous action of the Federal, State and city authorities throttled the threatened radical violence of May Day at its birth. Not an untoward incident has marked the day.

Never has the strong arm of the law been so ready for instant seizure of any violator anywhere as today. Federal troops, Department of Justice agents, Secret Service operatives, city police, State militia and American Legion posts are on guard throughout the country. Virtually every known radical is under watch. Every gathering of the forces of outrage and violence is under the closest supervision.

Special care has been taken to safeguard the members of Congress, the three Federal Judges and an attorney known according to the Department of Justice, to have been selected by the agitators for assassination.

Assistant Attorney General Garvin declared that an "amazing" amount of money had been spent by the Communist Labor Party in the distribution of propaganda and in preparations for demonstrations. The money had been traced, he asserted, to Amsterdam where it had been sent from Russia. A great part of the literature indicated the work of Russian agents and numerous calls for demonstrations were made in the name of Soviet Russia.

AGED OHIO RESIDENT DIES.

Mrs. Zylpha Ann Martin, aged 84 years, died at her home back of Aberdeen Friday evening after a short illness of palsy. Her son, James Martin, died only a few weeks ago. Mrs. Martin was the step-mother of Prof. Clarence Martin, of this city, principal of the Eastland school and was a splendid Christian character. Funeral will be held from the home Sunday afternoon and burial will be made at the Martin grave yard.

FIXED FOR SPEEDING.

Henry Harney, the young man who drove the automobile which struck Mr. William Schlitz at West Second and Wall streets, was in Police Court this afternoon on a charge of exceeding the speed limit. He entered a plea of guilty and was fined \$10 and costs by Judge Whitaker which was promptly paid.

Wm. B. Ridgely, Comptroller of the Lurency, 1901-1908, died suddenly Friday night in a Baltimore hospital.

MARKSBERRY JURY SECURED AND STATEMENTS ARE MADE

Ten Mason County Men and Two Bracken County Men Make Jury Accepted at 3:30 This Afternoon For Murder Trial.

After an examination of almost two hundred Bracken and Mason county men a jury to try Thomas Marksberry for the murder of Jesse Glenn was accepted by Prosecutor B. S. Grannis and Attorney Blaine McLaughlin, representing the defense, at about 3:30 o'clock this afternoon at Brooksville.

One hundred and sixty men from this county had been summoned and the examination of these men together with about 40 from Bracken county has been in progress since Wednesday morning when the trial was opened at a special term of the Bracken Circuit Court.

Immediately upon the acceptance of the twelfth man this afternoon, the jury was sworn by the Clerk and Prosecutor Grannis read the indictment and both lawyers made their statements to the jury.

The twelve men finally accepted as jurors follow:

R. R. Winger,
Garrett Case,
M. F. Coughlin,
H. O. Gray,
John Hornback,
Charles Conrad,
R. M. Yancy,
Henry S. Gallenstein,
E. H. Bryant,
C. I. Nower,
D. H. Bryant,
Cyrus Case.

The first two men are residents of Bracken county while the other ten are Mason county men.

SUNDAY SCHOOL FOLKS PLAN FOR RECORD CROWDS.

The local Sunday school people are very busy today making special arrangements for a record breaking crowd on Sunday morning. There has been arrangement made at all of the local schools to care for a very large crowd and everyone attending will be assured a good time.

Mr. Hugh O'Donnell of New York, after a ten days visit with his brother, Frank, and family, leaves tomorrow for Altany, Ga., where is located his pecan orchard which about now presents a beautiful spectacle, gorgeous with bloom. A coastwise vessel will bring him to his home city about the 12th inst.

I bought my Studebaker from your agent, D. M. Smith, at Flint, Mich., in 1916, and have used it continuously on my farm.

I have a farm of 140 acres, with good buildings, and this wagon loaded all the material.

Twenty years ago my son put on three tons of super-brood and hauled it over frozen ground to the scales.

Last summer we hitched a loader behind it and drew our hay to the barn.

The wagon had not been sheltered half the time for the last twenty years yet has never broken a wheel or an axle.

THE HOME OF QUALITY CLOTHES

GETTING VALUE

Purchase of inferior goods merely because their price is low is false economy. In these days of high cost, superior products are, of necessity, higher in price. Superior goods, however, are always the better buy, for the price difference is more than over-balanced by the difference in value.

When you buy clothes here, you are thrifty. You get the worth of every dollar you spend, in style, tailoring and fabric. The highest qualities and best values are obtainable at this store. Come in and see the new styles.

A Store of Established Standards

So important a role is played by Gingham, that "Gingham Week" has become a national event. We have planned interesting displays with unusual care in order to do justice to what is probably the most practical and desirable spring and summer fabric. Frocks, aprons and children's dresses of these practical fabrics have long been popular, but fashion now declares that even neckwear, separate skirts and chic parasols of Gingham will soon be all the vogue. And this event will present appropriate patterns and qualities for them all. Listed here are a few of the choicest offerings.

Third Street M. E. Church.
Our church is ready to welcome the
biggest Sunday school we have ever
had. The program is ready; commit-
tees to look after every detail of the
service, and to see that everyone who
wishes to come finds some way to get
there. The Children's department with
Miss Hurl superintendent expect their
largest attendance. All mother's with
their cradle roll children will receive
special care in this department. There
will be lots of little ones so no mother
need hesitate to bring her baby for
fear of it disturbing others. Bring
them along. They will be welcome.

The Brotherhood Class of men and
the Epworth Class of women are
working with each other so to which shall
be in the lead. From the way the men
are working it would seem that they
would have the best of it. But you can
never tell. The Epworth class has a
reputation for outdoing the Brother-
hood class on big days.

One special feature of the program
will be a missionary play by the boys
entitled "An Interrupted Baseball
Game."

A full orchestra will lead in all the
music.

huyzen of New Jersey, advocates the
coinage of two-cent pieces, seven-cent
pieces and eight-cent pieces. The de-
mand for pennies to make change has
become enormous. With the use of the
new coins, as proposed, it would be
easy to make the odd combinations re-
quired for buying many small articles.
The minting of a two-cent coin is pro-
posed in the McLean bill as a memo-
rial to Theodore Roosevelt. It would
be made of copper alloy somewhat
larger in size than the penny though
not like the old cart-wheels coined as
two-cent pieces more than a quarter
of a century ago. On the face of the
coin would appear the bust of Colonel
Roosevelt stamped in relief. It is not
specified in the bill proposed by Sen-
ator Freylinghuyzen what may be the
design of the seven and eight-cent
pieces. They would be made of nickel
alloy similar to that which now forms
the five-cent piece. The McLean bill
for the coinage of two-cent pieces has
been favorably reported to the Senate
by the Committee on Banking and Cur-
rency. The bill for the coinage of the
seven and eight-cent pieces was re-
cently introduced by Senator Frey-
linghuyzen.

USE CARE IN HEDDING
SWEET POTATOES.

If you wish to have sound sweet po-
tatoes next fall, it will pay to give at-
tention to the potatoes bedded for seed
this spring. Before the potatoes are
bedded they should be carefully picked
over, and all with black spots thrown
out. The healthy seed should then be
immersed for ten minutes in a solution
of one ounce of mercuric chloride crys-
tals to eight gallons of water, or for
five minutes in a solution of one quart
commercial (40 per cent) formalde-
hyde to fifty gallons of water. If po-
tatoes are put into an acid bed, care
should be taken to remove all frag-
ments of old potatoes and all soil that
might have come in contact with them.

good remedy in such a condition. I could
not digest my food and had much pain
and burning in my stomach after
meals. I could not sleep, had backache,
and worst of all were the hot flashes.
I saw in the papers about Vegetable
Compound so I tried it. Now I feel all
right and can work better. You have
my permission to publish this letter."

PLANT WHITE CORN IN SOUTH.

On the Chicago market in 1918, under war conditions, when there was a great demand for pure white corn for milling purposes, No. 3 white corn sold for from 10 cents to 15 cents a bushel higher than No. 3 mixed corn. This year it has sold for from 4 cents to 7 cents a bushel higher than the mixed corn.

Due to the larger demand in the South for pure white corn, particularly for milling purposes, many mills pay a premium above the market price for pure white corn of a high grade, and the difference in price in Southern markets is always much greater than on the Chicago market. If there is plenty of white corn available the miller will not purchase this off-color corn at all, but let the feed dealer have it.

The South has always been a white corn country, and there is no reason why it should not continue to be so. Northern buyers have always looked to the Southern states for white corn, and with the increase in demand the last few years from Northern mills for white corn for milling purposes there is no doubt that the premium on white corn over mixed corn will continue in Northern markets and develop to the same basis as in Southern markets.—C. E. Brehm, in Southern Agriculturist.

SWEET POTATO HOUSES STILL NEEDED.

There has been much said in the last two years about sweet potato houses. The Southern Agriculturist has said a lot, as have other farm papers and other farm agencies. It might seem that enough had been said to let the subject rest awhile, yet the United States Department of Agriculture tells us only about 5 per cent of the crop is stored in houses, while about 50 per cent, it put away in earth banks. The loss of the housed potatoes amounts to about 2 per cent; the loss of the banked potatoes to about 50 per cent. It would seem that talk about sweet potato houses is still in order.—Southern Agriculturist.

SALVATION ARMY BUYS "Y" BUILDING

Hopkinsville Business Men Pledge
Their Hearty Support to Further
the Work.

The Salvation Army has bought the Y. M. C. A. building at Hopkinsville. Col. William Evans, of Pittsburgh, the chief provincial officer, and Brigadier David E. Dunham, divisional officer, of Cincinnati, recently visited Hopkinsville, where they met a number of prominent citizens and commended the deal.

Seven of the leading business men of Hopkinsville were ready to get behind the movement and pledged their hearty support at the meeting. Others prominent in their offers of support were Dr. Leonard Doolan, pastor of the First Baptist Church, formerly of Louisville; Rev. A. R. Kasey, pastor of the First Methodist Church, and Rev. Everett S. Smith, pastor of the First Christian Church. Members of the Board of Directors of the Y. M. C. A. were also present.

The Y. M. C. A. building was erected some years ago, but a debt has hung over it. A Hopkinsville bank held a mortgage and filed suit to foreclose and the Salvation Army bid in the property. The building is in the center of the city, is built of concrete blocks, and has three stories. On the first floor is a central assembly room, on the second floor will be the Salvation Army corps headquarters, and the third floor will be used for emergency cases. Many changes will be made in the building, and when completed it will be ideal as a community social welfare center.

Henry Henry Vulliamy has been in charge of the Salvation Army work in Hopkinsville for the past five years.

GOVERNOR COOLIDGE ACCEPTS.

Governor Calvin Coolidge, of Massachusetts, has accepted the chairmanship for New England of the Salvation Army 1920 Home Service Appeal, according to advices received by Commander Evangelist Booth, head of the organization in this country. Announcement of Franklin E. Lunde's acceptance as national chairman for the Salvation Appeal was made recently. "The Salvation Army," said the governor in accepting the chairmanship, "has never ceased to instill true Americanism in the minds and hearts of those people who, because of their circumstances and position in the world, this wonderful organization alone has been able to reach. The Salvation Army taught its great lesson of Americanism on the firing line of France; it is carrying on the same ideals during this trying period of reconstruction."

The pay of Salvation Army officers runs from \$9.50 per week to less than \$30 per week. Commander Evangelist Booth, who is in command of the Salvation Army throughout America, had an income of less than \$1,000 for the past year, according to the tax man.

President Wilson says, "No one who has watched, even superficially, the work and progress of the Salvation Army, can fail to feel the deepest and most sincere interest in its success."

Sixty influenza patients were taken care of by the Salvation Army during the recent epidemic in Parkersburg. Nearly 170 were nursed through the great epidemic of 1918 in Charleston.

WHAT'S THE REASON?

Many Mayville People in Poor Health
Without Knowing the Cause.

There are scores of people who drag out a miserable existence without realizing the cause of their suffering. Dry after day they are racked with backache and headache; suffer from nervousness, dizziness, weakness, languor and depression. Perhaps the kidneys have fallen behind in their work of filtering the blood and that may be the root of the trouble. Look to your kidneys, assist them in their work—give them the help they need. You can use no more highly recommended remedy than Doan's Kidney Pills—endorsed by people all over the country and by your neighbors in Mayville. Ask your neighbor!

Mrs. M. Holliday, 221 W. Second St., Mayville, says: "At times, my back has become weak and lame and has ached across my kidneys. My kidneys have been irregular in action and I have had dizzy spells and headaches. I have always used Doan's Kidney Pills, getting them at Wood & Son's Drug Store, and they have never failed to relieve these complaints."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Holliday had. Foster-McIlburn Co., Mfrs., Buffalo, N. Y.

Winchester, Ky., May 1.—As the result of injuries received when a can of blasting powder exploded at her home near here Friday Mrs. Don Gravitt is dead, and her son, John Gravitt, and son-in-law, John Jewell, are not expected to survive. The Gravitt home was partially destroyed. The explosion was caused when John Gravitt tossed a lighted match in a can of powder, but which was supposed to contain garbage.

"OH, LET'S DON'T"

People With Thin, Pale Blood Are Listless and Want To Do Little

MORE RED BLOOD CELLS NEEDED

Take Pepto-Mangan, Famous Tonic, And Say "Let's Go," Instead "Let's Don't."

When normally healthy, ambitious people begin to lack energy and tire easily—when they are quickly discouraged and low in vitality, it usually means their blood has grown weak.

Such people are called anemic, or "run-down." Build up the blood and you build up the health and spirits. Pepto-Mangan is a pleasant-tasting red blood builder and it contains exactly the elements which poor, pale blood needs to become rich, red blood.

Red blood means rosy cheeks, bright eyes, a clear brain, a firm step. Pepto-Mangan has placed thousands of people who needed building up in the full-blooded, energetic, vigorous class. It changes the "let's don't" attitude to a "let's go" attitude. Recommended by physicians for thirty years and sold all over the world.

Pepto-Mangan is sold in both liquid and tablet form. Both contain the same medicinal ingredients.

Buy Pepto-Mangan at your druggist's. Be sure the name "Gude's" is on the package. Without "Gude's" it is not Pepto-Mangan.—Advertisement.
